The 2007 Warre Vintage Port is one of the stars of the vintage. A glass-coating opaque purple color, it displays an expressive bouquet of Asian spices, incense, lavender, blackberry, and fruitcake. Plush on the palate with outstanding volume, it exhibits a sense of elegance as well as power. Savory flavors, plenty of structure for the long haul, and a lengthy, fruit-filled finish suggests two decades of cellaring are in order. This superb effort should still be drinking well in 2050.
