Grand Reserve

Only the Best!

For our premier release of the **Grand Reserve Sauvignon Blanc** we wanted flavors unique and true to the variety, while pleasant and intriguing. It shows strong aromatics of guava, fig, grapefruit, and pineapple. This low yield crop, resulted in small berries with balanced, intensely concentrated, elegant flavors

Our premier release of this **Grand Reserve Pinot Gris** is a dry crisp wine with a mineral backbone that balances the acidity. Light straw yellow in color, it is framed by the flavors of ruby red grapefruit, honey suckle and a citrus spice that tantalize the aromatics!
