

REGAL WINE CO.

FOUNDED IN 1993

Our mission and vision is to be the preeminent wine distributor in California. We focus on providing world class service and a portfolio that encompasses wines of authenticity, family ownership and renowned quality.

PORTFOLIO

We have genuine passion for our products and believe that every estate and wine has a story. The vineyards, expression of terroir, winemakers, climate and geography all impart their nuances on each and every wine. We enjoy and pride ourselves on being the caretakers and storytellers for the world class wines we represent.

OUR TEAM

We strive to bring a team of personnel to the market with unquestionable drive towards providing superior service. Our staff is knowledgeable, capable, and creative, bringing an entrepreneurial spirit to the market. We have a commitment towards ongoing excellence in everything we do.

WINERIES

We continue to focus on representing partners that have a strong commitment towards wines of authenticity, uniqueness and a sense of place. We believe in wines that are of family ownership, renowned quality and exhibit the characteristics true to the countries and regions from which they reside.

INNOVATION

We call California home and it is an ever changing landscape. As this fast paced world continues to develop, we understand the landscape has become global. We pride ourselves in focusing on many wines that have a commitment to sustainability from the vine to the glass. The global landscape also is ever changing in the world of social media. Many of us gather information and trends from various communication sites, being linked to specific groups, bloggers and of course mobile ready sites.

REGAL PRICING PLAN

Family Plan pricing offers savings at the three-case and five-case levels. These levels can be achieved by combining any of the wines in our portfolio. Net wines do not discount, however, they do count toward your assortment and total case order. For broken cases there is a \$1.50 per bottle charge.

MINIMUM DELIVERY

Three cases or \$300 is the minimum for delivery. \$10 delivery surcharge will apply to orders that do not meet minimums. Prices subject to change. Every effort has been made to insure the accuracy of this price book. We reserve the right to correct any pricing errors or to change pricing and discounts as necessary.

DRINKING GREEN

The following estates, designated by the  symbol in this book, are doing their part to lessen their impact on our planet. Some are practicing sustainable farming, others have moved toward biodynamics or certified sustainable, while several have been recognized for their eco-conscious processes in the winery. Whatever their contributions, we appreciate them and wish to support their efforts.

WINE ON TAP & IN CANS

Quality, Efficient and Green!

While wine on tap or in cans will never overtake traditional bottled wine, there is a trend towards using alternative packaging because it can offer many advantages and savings to the Restaurateur.

For more information about the wines available in kegs and cans please contact your Regal Wine Sales Representative.
